GREAT GATHERING OF FAITHFUL DEMOCRATS

They Said Many Bad Things About the Republicans.

The biggest gathering of democrats that has occurred in Tempe this winter took place at the Opera House Wednesday evening, the occasion being the presence of most of the state ticket and others prominent in democratic circles. There were a good many republicans in the audience, too, just as last evening there were a good many democrats at the republican rally. The hall was comfortably filled Wednesday night and the democratic spellbinders maintained a reasonably good performance until a late hour. In fact, it was close to 11 o'clock when Mr. Ashurst, the last speaker on the evening's program, concluded his remarks, which constituted very largely an attack on Mr. Cameron's integrity. Needless to say, the audience was by no means as large when Mr. Ashurst finished as it was when the meeting began, but, everything considered, the audience stuck to the task faithfully. There was a fine attendance of candidates present—nearly all of the candidates on the state ticket being on hand. In addition, there were several on the speaking list who are not candidates, but who were along to lend their aid to the cause. Chief among these were Wiley E. Jones and Reese

M. Ling. Mr. Jones delivered the real fireworks of the evening. Compared to his address, all others were immensely tame. There didn't begin to be enough room on the program for all of the candidates, and the speaking list was limited to Mark Smith, George W. P. Hunt, A. W. Cole, W. P. Geary, Reese M. Ling, Wiley E. Jones and Henry P. Ashurst. Other candidates present were Sidney P. Osborn, George Parry Ballard, C. O. Case, F. A. Jones, D. L. Cunningham, H. A. Davis and possibly others who kept in the background.

As a political gathering, the meeting was quite a success, but just how much good some of the speakers did for themselves remains to be seen. In one or two instances, the impression is that they would have done better had they said less.

A FINE DISPLAY.

A splendid display of citrus fruit, oranges, lemons and pomeles is shown in the window of A. Nielsen & Co. this week. No cluster of pomeles, eleven in number, all on the same twig, weighed 12 3/4 pounds, and the cluster is one of the finest ever seen here. They were grown on the Ruden ranch. A single pomele from the same ranch weighed two pounds and is a nineteen inch circumference. Several clusters of lemons from the Henness ranch are also shown and the whole display illustrates nicely what can be grown in this country.

FINED FOR RUNNING

A BOOZE FOUNDRY

First Case of the Kind in Mesa Since Local Option Election Was Tried Yesterday.

The first arrest of a man engaged in business in Mesa for the violation of the local option law occurred on Wednesday afternoon of this week. The complaint was sworn out by Deputy Sheriff Peterson charging John A. Williams with having sold a pint of whiskey to one P. Morehouse. When taken before the justice Mr. Williams confessed to having let Morehouse have the whiskey from a small box he kept for his own use, stating that Morehouse had solicited him for the booze, and that he was leaving on the 4:45 train for another place and wanted a small flask of whiskey to take with him. Finally Mr. Williams, as a matter of accommodation to the boy agreed to let him have some of his private stock. He said Morehouse brought a suit case in the pool hall owned by Mr. Williams and that the whiskey was placed in the suit case, the boy leaving a dollar to pay for the same. Mr. Williams said it was the first time he had ever received money for anything of the kind.

Morehouse testified that he had been engaged by Mayor Palmer to make the attempt to get the whiskey; that he was acting as a private detective and that he gave Mr. Williams a marked dollar so that the money could be identified. He said he had had a drink in Williams' place on a prior occasion when he was playing pool there, but had not paid for it. Mr. Williams took a drink and then gave Morehouse and three companions drinks.

C. Fred Brackett, chief of police, testified that he had searched Morehouse before he went into the pool hall, had also searched the suitcase and watched the boy take it into the pool hall; when the boy came out he had, with Deputy Sheriff Peterson, taken the bottle from the suitcase, and identified it in court.

At 10 o'clock yesterday morning Mr. Williams was sentenced to pay a fine of fifty dollars. The fine was paid and he was released.

Pending the action of the council, Mayor Palmer ordered the Williams pool hall closed. The council met in special session yesterday at 2 o'clock and decided to permit the hall to continue doing business, on the understanding that Mr. Williams would not permit booze to be given out in his place, and that generally the hall should be no reason for complaint.

CROSSING THE CONTINENT.

Mr. and Mrs. W. D. Lapham and little daughter, with their chauffeur, Darwin Stitt, arrived in Mesa Wednesday evening, and remained all night at the Alhambra hotel. The party came all the way from Providence, R. I., in a Cadillac automobile, and are bound for Los Angeles. They were followed by another party from Chicago, composed of J. P. Nelson, Oscar Nelson, A. J. Carlson and Martin Linder, the party arriving the same evening. The travelers are making a long ride, but are taking their time and seeing the country as they travel.

NEW POPCORN WAGON.

M. Mosberger has embarked in a side business in connection with his shoe shop. Yesterday he received a new Kingley No. 95 peanut roaster and popcorn popper, and already has it set up and ready for business. The affair is on wheels and is quite handsome in appearance, with a capacity sufficient to meet the demand for roasted "goob-

ers" and popped popcorn. This makes the second one in Mesa. L. A. Smith long having been a familiar figure on the streets.

MESA DEPARTMENT.

R. B. LaFlamboy, representing the Phoenix Democrat, was in Mesa yesterday for the purpose of securing new for a Mesa department in his paper. Mr. LaFlamboy will be in Mesa and Tempe on alternate days, thus covering both places.

PARSONAGE COMPLETED.

The new parsonage for the Christian church was completed yesterday and today Rev. W. S. Crockett, the pastor, will move in. The parsonage contains seven rooms and a front porch, affording room for a good sized family. The carpenter work was in charge of Omer McCullough, who put in a full month without pay, and was helped part of the time by some of the members of the church. Mr. McCullough deserves credit for his liberality. It is such actions as this that renew one's confidence in the judgment of the historians that the world generally is growing better year after year.

A HOUSEHOLD MEDICINE.

That stops coughs quickly and cures colds is Foley's Honey and Tar Compound. Mrs. Anna Felzer, 2526 Jefferson St., So. Omaha, Neb., says: "I can recommend Foley's Honey and Tar Compound as a sure cure for coughs and colds. It cured my daughter of a bad cold and my neighbor, Mrs. Benson, cured herself and her whole family with Foley's Honey and Tar Compound. Everyone in our neighborhood speaks highly of it." Elvey & Hulet.

MR. LEWIS TO RETURN.

Word has been received in Mesa that George W. Lewis and Mrs. Lewis will soon return to their home here. Mr. Lewis has been on a mission for the Mormon church, with headquarters in New York. He was in fact president of the mission there, but has been released to permit his return home.

LEFT FOR UTAH.

T. R. Watkins and family left yesterday for Grayson, Utah, where they expect to make their home—at least, as long as they can make up their minds to stay away from this valley. At a little party given at the home of Mr. and Mrs. J. S. Allen Tuesday evening, in honor of the departing friends, there were present Mr. and Mrs. Watkins, Mr. and Mrs. W. H. Allen, Mr. and Mrs. O. A. Phelps, Elijah Allen, Ralph Fuller and Clara Allen.

Starts Much Trouble.

If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or virulent liver trouble they would soon take Dr. King's New Life Pills, and end it. Its the only safe way. Best for biliousness, headache, dyspepsia, chills and debility. 25c at all druggists.

DUG UP SKELETONS.

Dan Drobough was making excavations on his place near this week when he dug into the burying ground of some of the aboriginal tribes. Three pretty good specimens were secured, and also several ollas in a good state of preservation. Evidently this valley was at one time densely populated, as many ruins and the skeletons of many long dead and gone people are found in the vicinity of Mesa.

HAD A BIRTHDAY.

Walter B. Lewis had a birthday this week and Mrs. Lewis gave a dinner in honor of the event, inviting in the relatives and a few friends. Those present were L. R. Lewis and family, Dudley S. Lewis and family, Mr. and Mrs. A. A. DeWitt, Mr. and Mrs. J. D. Hobson, Mr. and Mrs. George D. Weekes and Mrs. M. J. Lewis. Walter Lewis is not yet so old that he dreads the advent of a birthday, especially when the occasion brings him so many congratulations.

I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, your Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house."

"I will say also that I think there is no better medicine to be found for young girls to build them up and make them strong and well. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has always helped her."

HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.
